

MCPC'2003 Room Reservation Form

2nd Interdisciplinary World Congress on
**Mass Customization
and Personalization**

October 6-8, 2003
Technische Universität München
Munich Germany

Dear MCPC-Participants.

Room reservation service is offered in cooperation with the Munich Tourist Office. Please read the conditions for room reservation as stated in the form and return it to the address below until **August 10, 2003**.

Room reservations are handled in the order they are received. For this reason it is advisable to order rooms as soon as possible. With this booking confirmation by the Munich Tourist Office you have become immediate contractual partner with the hotel booked and on the conditions of the German Hotel Reservations Contract settled by DEHOGA. The Munich Tourist Office is only the mediator of this room reservation and does not assume any liability for the service and efficiency offered by the hotel.

Rights and Obligations of the Hotel Reservation Contract.

1. The contract between guest and hotel enterprise is considered concluded as soon as the room has been reserved and the reservation confirmed, or in the event that there is no time for confirmation – as soon as the room has been reserved.
2. The contract when concluded obliges both contractual partners to fulfilment of all contract conditions, regardless of the length of time for which the contract has been concluded.
3. The hotelier is obligated, in case the booked room is not available, to make good the damages to the guest.
4. The guest is obligated, by non-occupancy of the room by non-use of other contract benefits, to pay the agreed price for such, or the normal hotel price, minus any savings of expense made by the hotelier.

Price Range

Categories for Single Rooms:

A	over 175 €
